

Materials

Eirtech Aviation Services offers a turnkey materials procurement and management service. We supply parts sourced from OEM's and a large pool of trusted vendors. Our Material teams provide total logistical solutions with quick turnaround times and quality performance to support individual materials requirements and modification programmes.

OUR MATERIALS SERVICES

■ Procurement

Procure materials on behalf of customers via our extensive network of materials.

■ Logistics

Management and shipping co-ordination of materials consignments to MROs globally.

■ Materials supplied for all commercial aircraft types.

■ We have a strong history of supplying material for all Boeing & Airbus commercial aircraft.

WHY CHOOSE OUR MATERIALS?

- With over 25 years' experience in the Aviation industry, our expert Materials team have an in-depth understanding of the Supply chain.
- We provide quality materials at the best price within the best possible lead-time.
- Our materials department are dedicated to our customers and provide a professional one to one Material management service.
- We meet customer's broader needs, but our greatest strength is Cabin reconfiguration support.
- We consistently satisfy and exceed the expectations of Aircraft owners & operators with our expert Material management service.
- Our annual buying power results in excellent pricing and lead-times from suppliers, which can then be passed on to our customers.
- Our experience within the Aviation market and our relationship with suppliers allows us to offer our customers excellent pricing and attractive lead times.
